

JRC Mobility Germany GmbH · Römerstraße 18, 71296 Heimsheim

Dear valued Customer,
Dear Business Partner,

we are pleased to inform you that **RBI GmbH** and **LEAS GmbH** will operate under the name **JRC Mobility Germany GmbH** with immediate effect. Strategic considerations have led us to the conviction that this merger will only offer advantages for you, as well as for us. The culture and know-how of RBI and LEAS will of course be retained. But we are joining forces and will thus be able to work even faster and more efficiently and offer you an even better service.

As a result of the merger, the areas of automation in testing, voice control, engineering, electronics development and production as well as logistics, manufacturing, customs, warehousing, shipping, picking and finishing will all come from a single source. In addition, new innovations from the JRC Mobility Group in Japan will be available to us both now and after the merger.

Also important for you, the persons in charge after the merger are:

- Takeshi Sunagawa (CEO) as chief executive officer
- Stergios Fotakakis (CSO) in the strategic and logistical area
- András Bakacs (CBO) in the corporate and testing area

If you have any questions, our team as well as the two managing directors will be happy to answer them personally. Address and telephone availability of your known contact persons will not change. You can still reach Mr. Bakacs (phone +49 177 88 68 848) and Mr. Fotakakis (phone +49 172 60 65 921) under the numbers you already know. The e-mail addresses will be changed from 1st of June 2023, please note our notice in the e-mail signature. The existing e-mail addresses will remain valid until the end of 2023. We ask you to use the new company name in our business correspondence and to adapt it in your system. Should further changes be forthcoming, we will inform you in a timely manner.

We thank you for your trust and look forward to a continued good cooperation with you.

Kind regards,
JRC Mobility Germany GmbH

Takeshi Sunagawa (CEO)

Stergios Fotakakis (CSO)

András Bakacs (CBO)
